7-Eleven® to Test the Waters with Green Planet

CHICAGO (June 9, 2010) – Green Planet Beverages today announced that 38 7-Eleven stores in Chicago and surrounding suburbs will carry its 16.9 oz. sized bottled water products.

Green Planet’s water is packaged in bottles that are 100 percent plant based, containing no petroleum or toxic chemicals to leach into contents or the environment. The bottles are reusable, recyclable and commercially compostable in just 80 days.

Brad Schulman, founder and CEO of Chicago-based Green Planet, said, “We are excited that 7-Eleven has opted to test our products throughout the Chicago and nearby suburban markets. We think consumers will respond positively to this healthier and more eco-friendly alternative to petroleum-based bottled water products.”

A full list of 7-Eleven locations where Green Planet is available is below.

7-Eleven, Inc. is the largest chain in the convenience retailing industry. Based in Dallas, Tex., 7-Eleven operates franchises or licenses more than 8,200 7-Eleven stores in North America and globally operates franchises or licenses more than 38,000 stores in 16 countries.

Green Planet Bottling, LLC. (www.greenplanetbottling.com) was formed to help its customers make positive and sustainable differences by manufacturing a product that is healthier for people and the planet. Its vision is to become the premier bottler of waters/beverages in organic, sustainable packaging.
